DECLASSIFIED

Turkey - The Turks are concerned at the implications of our April 26 proposal, fearing that the emphasis on conventional forces and on the pause may lead NATO to accept something close to the concept of limited warfare, may give the Russians the impression that we are less determined to oppose all forms of aggression than heretofore, and will leave the Turko-Russian border less secure. The Turkish ForMin's comments at the Oslo Ministerial meeting and subsequent conversation at SHAPE are evidences of this uneasiness.
